18 feet of RG-58/U Coax w/PL-259s

Verified review - view original

Extra length for POTA setup, just in case.

18 feet of RG-58/U Coax w/PL-259s

Verified review - view original

Works good. I used it on my full size EnComm mag loop antenna with no RFI problems. Especially on 40 meters where I have had other problems with other types of coax.

This 18 ft coax cable is good enough for my Chameleon TP16 (15.75 ft high).
