This is a high quality 41×7.5×7.5 inch padded bag with built in padded front pocket. This field bag also includes a pad on the shoulder strap for comfort and easy carry. Built from rugged 600 Denier Cordura padded nylon utilizing industrial strength nylon thread and double-stitching at all stress points.

The Large bag will hold the HD Tripod, as well as the Loop and/or the FMJ antennas.

Large Padded Field Bag

Verified review - view original

The large padded field bag is awesome. The Alpha. HexTenna and all

accessories all go in the bag with no problems. Awesome set up. By the way the Alpha HexTenna is an excellent antenna for Pota use and other use. Love it.
