Brand Gear Your Way & Support the Mission

Show your Alpha pride everywhere you go by supporting hams in need. These limited-edition Alpha Antenna Stickers let you customize your laptop, mug, radio case, toolbox, go-kit, or anything else that deserves a personal touch. These durable, fade-resistant stickers are built to survive field use, travel, and everyday wear while staying bold and sharp.

And here's the best part — **100% of every sticker sale directly supports Alpha Antenna's Make an Offer program**, which helps operators who can't afford full price get the gear they need. Your purchase keeps amateur radio accessible by empowering operators to submit fair offers on equipment that would otherwise be out of reach. When you pick up a sticker, you're not just branding your equipment… you're helping another operator get on the air.

Perfect for:

- Laptops & tablets
- Mugs, tumblers, & water bottles
- Radio cases & go-kits
- Toolboxes & field equipment
- Notebooks, binders, & travel organizers

Add personality. Support others. Become the Alpha!
